OUR VISION

To develop a Centre for Excellence in Health Care Education through real time evidence-based quality education and encourages innovations to improve Health Care

OUR MISSION

To provide accessible and affordable high-quality education to diverse students for the development of Health Care Practitioners at all entries of practice

VIDYARTHI INSTITUTIONS, established in the year 2002 is located in the calm and picturesque part of Chikkamangalore, Karnataka with the abundance of historic, cultural and scenic attractions. The Institution became a Centre for Excellence in Education for Health Care Education programs such as BSc. Nursing, GNM, Paramedical and Allied Health Science programs through the exceptional academics and training programs from the talented faculties, practical trainings at our own multispecialty Hospitals and other well reputed super specialty Hospitals, contemporary infrastructure, architecturally well-designed buildings, ecofriendly campus and surroundings.

VIDYARTHI COLLEGE OF NURSING, established to provide extraordinary & effective education and trainings in BSc. Nursing program and the College has made significant contributions and achievements through its evidence-based practices at various specializations in bringing out best and fine Nursing profession to the diversified global market.

The College of Nursing aspires to be a model of excellence through dynamic programmes, innovative practices and research. To prepare nurses who will work in the hospital and community with dedication, devotion, compassion and kindness. The core ethical values are generally shared within the global community and they are a reflection of the human.

VIDYARTHI SCHOOL OF NURSING, has strived to expand the student experience to a global industry standard level and cultivate them as leaders, educators and researchers with a focus on building new partnerships and initiatives. With a vision to promote quality education on GNM (General Nursing and Midwifery) program and to fulfil the health care needs of the society, through an excellent cutting-edge curriculum, state of the art hi-tech classrooms, talented group of faculties and practical sessions which offers its student community an outstanding inter-professional educational experience.

OUR OBJECTIVES

While mentoring tomorrow's caregivers and medical staff to embrace this vocation, we are also committed to fulfilling certain objectives:

- To provide a scientific and comprehensive learning of the theory and practice of subject that encourages our students to think and act on their feet intelligently
- To develop personal aptitudes and shape an attitude of caring for the sick at all levels of healthcare delivery
- To inspire our students-nurses to go above and beyond the call of duty
- To inculcate the spirit of team work and cooperation as members of an integrated healthcare system, in preventive, curative and rehabilitative healthcare services
